

Peter Jackson Link, III “Jackson”

1212 Scotch Pine Ln., Ladson, SC 29456 | Cell: 843-469-1018

Student email: pilink@student.csuniv.edu

Personal email: peter.link@flashcardsmobile.com

Objective and Vision:

I seek a software development position that challenges me to solve critical business problems and create dynamic opportunities to help my organizations to excel in quality, efficiency, speed, and profitability. I also hope to forge a career that employs and matures my skills in building and maintaining large codebases by joining a team that will develop and reinforce my education and technical skills, especially my leadership experience with CSU's ACM chapter and cybersecurity team.

Education:

Charleston Southern University (Charleston, SC)

BS in Computer Science and
BA in Christian Studies (with
Biblical Languages)

Scheduled Graduation: May
2027

Skills:

Technical

- Linux (Debian, Fedora, Slackware, Arch, Alpine)
- OpenBSD
- C
- C++
- Java
- JavaScript
- Python
- Bash
- Perl
- Common Lisp
- Git
- HTML/CSS
- Network+ Certified

Professional

- Public Speaking
- Team Leadership
- Cross-Functional Collaboration
- Analytical Problem-Solving

Personal:

Crossroads Community Church (SBC), Summerville, SC

- Active member of the church media team
- Active member of a weekly Life Group

Yesha Taekwondo

- Black belt 2nd level
- Instructor

Software Development:

Project Charito: A Bible App

Senior Project for the BS in Computer Science

- Integrates complex disparate sources.
- Uses AP5 Virtual Database with modifications to allow for better RAM utilization.
- Employs custom web framework using Eitaro Fukamachi's Common Lisp web utilities.

PDF Parser for the Medical University of South Carolina

Group Project as part of the BS in Computer Science

- Scrapes data from pdf files to store in a SQL database.
- Presents an HTML UI that allows for multiple views with effective hyperlink use to allow for greater data analysis.

UDP Communicator

Group Project as part of the BS in Computer Science

- Allows two-way communication between terminals on different computers listening to each other.
- Uses C and the Unix sockets API

Naïve HTML Validator

Class Project as part of the BS in Computer Science

- Ensures that all HTML tags are balanced using a stack.
- Counts the number of accessible pages on the local file system, checking for circular links.

Flashcards Mobile

Personal Project

- Efficiently presents flashcards for Hebrew and other subjects.
- Utilizes client-side browser storage to eliminate database writes and user accounts.

Cybersecurity Competitions:

Southeast Collegiate Cyber Defense Competition (SECCDC)

CSU team: Fall 2023, Fall 2024, & Fall 2025

- Configured and secured Linux systems.
- Configured and secured one surprise FreeBSD system.

Palmetto Cyber Defense Competition (PCDC)

CSU team: Spring 2024, Spring 2025, & Spring 2026

High School team: Spring 2021 & Spring 2022

- Configured and secured Linux systems for both CSU and High School teams.
- Completed secondary competitions held during PCDC for CSU: SSH King-of-the-Hill and Capture-the-Flag.
- Acted as CSU Vice-Captain in 2025 and Captain in 2026
- Handled “odd” systems for CSU.

CyberPatriot

High School team: Fall 2020 & Fall 2021

- Configured Linux virtual machines to meet the standards of the scoring engine.

Leadership and Extracurricular Activities

Association for Computing Machinery (ACM) at CSU

Vice Chair, ACM Chapter, CSU, May 2025 – May 2026

- Helped organize events and meetings.
- Ran meetings when president was absent.

Chair, ACM Chapter, CSU, May 2024 – May 2025

- Led 3-member team to gold medal in ICPC Division II regional competition, 2024.
- Re-organized the ACM club to spin-off an e-sports club.

CSU's Cyber Security Team

President, Cybersecurity Competition Team, CSU, May 2025 – May 2026

- Organized meetings.
- Recruited new members for the cybersecurity team.
- Helped new members find self-study curriculum to deepen their knowledge

Vice President, Cybersecurity Competition Team, CSU, May 2024 – May 2025

- Produced documentation to aid in rapid and systematic securing of Linux systems in competition.
- Organized meetings.
- Recruited new members for the cybersecurity team.

Student Government Association (SGA) at CSU

Senator, Sep 2022 – Present

- Proposed bills that recommend changes that the student body would like to see on campus.
- Protected student identities from an invasive direct-marketing company.

Sergeant-at-Arms, Sep 2023 – Sep 2024 & Sep 2025 – Present

- Served as a Senator and acted as standing Sergeant-at-Arms when needed.

Parliamentarian, Sep 2024 – Sep 2025

- Kept order in the Senate and advised the executives on the rules of order and the bylaws.

President Pro Tempore, Sep 2025 – Present

- Substituted for executives who were absent for Senate meetings.

South Carolina Student Legislature (SCSL)

CSU Delegate, SCSL, Spring 2023 – Spring 2025

- Presented and debated legislation.
- Served on CSU team that won best SCSL Delegation in Fall 2024.
